HELLENIC REPUBLIC

HELLENIC STATISTICAL AUTHORITY   June 2021

ANONYMIZATION CRITERIA OF ELSTAT'S PUBLIC USE FILES

1. Survey on Income and Living Conditions (EU-SILC)

1.1. With reference year until and including 2012 and reference period of the income until and including 2011, respectively

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural.

- Appearance of the extrapolation factor of households and individuals, as well as of the size of households (1, 2, 3, 4, 5 and over individuals).

- Appearance of the month and year of birth of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into four (4) categories: Greek; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the country of birth of individuals, broken down into four (4) categories: Greece; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the working hours of individuals.

- Appearance of the number of rooms of the dwellings in which the households reside, with the exception of dwellings with 6 and over rooms, which will appear under one

1

(1) category.

- Appearance of the number of adult individuals of the households (1, 2, 3, 4, 5 and over individuals).

- Appearance of the number of dependent children (<18 years old; 18-24 years old who are studying and not working) of the households (1, 2, 3 and over dependent children).

1.2. <u>With reference year from 2013 until and including 2017 and reference period of the income from 2012 until and including 2016, respectively</u>

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of: a) the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and b) the population density, broken down into three (3) categories: high; medium; low.

- Appearance of the extrapolation factor of households and individuals, as well as of the size of households (1, 2, 3, 4, 5 and over individuals).

- Appearance of the month and year of birth of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into four (4) categories: Greek; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the country of birth of individuals, broken down into four (4) categories: Greece; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the working hours of individuals.

- Appearance of the number of rooms of the dwellings in which the households reside, with the exception of dwellings with 6 and over rooms, which will appear under one (1) category.

- Appearance of the number of adult individuals of the households (1, 2, 3, 4, 5 and over individuals).

- Appearance of the number of dependent children (<18 years old; 18-24 years old who

are studying and not working) of the households (1, 2, 3 and over dependent children).

1.3. <u>With reference year from 2018 onwards and reference period of the income from 2017 onwards, respectively</u>

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department where the individuals' dwelling is located.

- Appearance of the Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of: a) the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and b) the population density, broken down into three (3) categories: high; medium; low.

- Appearance of the extrapolation factor of households and individuals, as well as of the size of households (1, 2, 3, 4, 5 and over individuals).

- Appearance of the month and year of birth of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into four (4) categories: Greek; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the country of birth of individuals, broken down into four (4) categories: Greece; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupation of individuals by 1-digit ISCO code.

- Appearance of the branch of main economic activity of enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the working hours of individuals.

- Appearance of the number of rooms of the dwellings in which the households reside, with the exception of dwellings with 6 and over rooms, which will appear under one (1) category.

- Appearance of the number of adult individuals of the households (1, 2, 3, 4, 5 and over individuals).

- Appearance of the number of dependent children (<18 years old; 18-24 years old who are studying and not working) of the households (1, 2, 3 and over dependent children).

2. Labour Force Survey (LFS)

2.1. <u>With reference quarter until and including the 4th quarter of 2012</u>

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department where the individuals' dwelling is located.

- Hiding of the reference week of the quarterly survey data.

- Appearance of the Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and for the Attica Region and the Thessaloniki Regional Unit, broken down into five (5) categories: Former Capital Region; Thessaloniki Urban Complex; other urban; semi-urban; rural.

- Appearance of the extrapolation factor of households and individuals.

- Appearance of the age of individuals, with exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into f o u r (4) categories: Greek; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the country of birth of individuals, broken down into four (4) categories: Greece; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupational status of individuals, broken down into three (3) categories: self-employed (with or without staff), salaried employees and assistants in the family business.

- Appearance of the number of employed persons of the local units in which the individuals work, broken down into the following size classes: 1-10, 11-19, 20-49, 50 and over employees, unknown number but over 10 employees.

- Appearance of the occupation of individuals, by 2-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which the individuals work, by 2-digit NACE code.

- Appearance of the working hours of individuals, with the exception of individuals whose working hours exceed eighty (80) hours, who will appear under one (1) category.

- Appearance of the employment status of individuals, broken down into three (3) categories: a) employed, b) unemployed, c) economically inactive.

- *With reference year from 2008 onwards*: Appearance of the years of residence of individuals in the Country, analytically.

- *With reference year from 2008 onwards*: Appearance of the age of individuals when acquiring permanent residence in the Country, analytically.

- Appearance of the job search duration of individuals, broken down into three (3) categories: a) Have found a job and waiting to take it over/ duration of unemployment less than 6 months, b) 6-11 months, c) 12 months and over.

- Appearance of the duration of unemployment of individuals, broken down into three (3)

categories: a) Have found a job and waiting to take it over/ duration of unemployment less than 6 months, b) 6-11 months, c) 12 months and over.

- Appearance of the income of individuals from the year 2009 onwards, broken down into ten (10) income classes in euros: < 399; 400 – 599; 600 – 749; 750 – 899; 900 – 999; 1,000 – 1,199; 1,200 – 1,399; 1,400 – 1,799; 1,800 – 2,499; > 2,500.

- Appearance of the educational level of individuals, by 3-digit ISCED-A-2011 code.

- Appearance of the main insurance fund of employed individuals, broken down into six (6) categories: a) IKA, b) OGA, c) Civil Servants' Fund, d) Other Insurance Fund, e) Uninsured person, f) Person ignores/ Not answered.

2.2. <u>With reference quarter from the 1st quarter of 2013 onwards</u>

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department where the individuals' dwelling is located.

- Hiding of the reference week of the quarterly survey data.

- Appearance of the Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and for the Attica Region and the Thessaloniki Regional Unit, broken down into five (5) categories: Former Capital Region, Thessaloniki Urban Complex, other urban; semi-urban; rural, and b) the population density, broken down into three (3) categories: high; medium; low.

- Appearance of the extrapolation factor of households and individuals.

- Appearance of the age of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into four (4) categories: Greek; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the country of birth of individuals, broken down into four (4) categories: Greece; EU Member States; Other European countries; Other countries outside Europe.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupational status of individuals, broken down into three (3) categories: self-employed (with or without staff), salaried employees and assistants in the family business.

- Appearance of the number of employed persons of the local units in which the individuals work, broken down into the following size classes 1-10, 11-19, 20-49, 50 and over employees, unknown number but over 10 employees.

- Appearance of the occupation of individuals, by 2-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which

the individuals work, by 2-digit NACE code.

- Appearance of the working hours of individuals, with the exception of individuals whose working hours exceed eighty (80) hours, who will appear under one (1) category.

- Appearance of the employment status of individuals, broken down in three (3) categories: a) employed, b) unemployed, c) economically inactive.

- Appearance of the years of residence of individuals in the Country, analytically.

- Appearance of the age of individuals when acquiring permanent residence in the Country, analytically.

- Appearance of the job search duration of individuals, broken down into three (3) categories: a) Have found a job and waiting to take it over/ duration of unemployment less than 6 months, b) 6-11 months, c) 12 months and over.

- Appearance of the duration of unemployment of individuals, broken down into three (3) categories: a) Have found a job and waiting to take it over/ duration of unemployment less than 6 months, b) 6-11 months, c) 12 months and over.

- Appearance of the income of individuals until 2014 broken down into ten (10) income classes in euros: < 399; 400 – 599; 600 – 749; 750 – 899; 900 – 999; 1,000 – 1,199; 1,200 – 1,399; 1,400 – 1,799; 1,800 – 2,499; > 2,500, and from 2015 onwards appearance of the exact amount of income.

- Appearance of the educational level of individuals, by 3-digit ISCED-A-2011 code.

- Appearance of the main insurance fund of the employed individuals until 2018, and only of the employees from 2019 onwards, broken down into six (6) categories: a) IKA, b) OGA, c) Civil Servants' Fund, d) Other Insurance Fund, e) Uninsured person, f) Person ignores/ Not answered.

3. Household Budget Survey (HBS)

3.1. With reference year from 2008 until and including 2013

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of the population density, broken down into three (3) categories: high; medium; low.

- Appearance of the extrapolation factor of households, as well as of their size (1, 2, 3, 4 and 5 and over members).

- Appearance of the age of individuals, with the exception of those aged over 85

6

years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

- Appearance of the country of birth of individuals, broken down into three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the country of residence of individuals, broken down into three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the occupational status of individuals, broken down into four (4) categories: a) Self-employed, b) Employee, c) Unpaid family worker and d) Paid apprentice.

- Appearance of the current main activity of individuals during the week before the beginning of the survey, broken down into six (6) categories: a) Employed, b) Unemployed, c) Pensioner, d) Pupil, student, soldier, e) Housewife, f) Unable to work or with permanent disability and other cases.

- Appearance of the breakdown of items and services at 4-digit level.

3.2. With reference year from 2014 onwards

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department where the individuals' dwelling is located.

- Appearance of the Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of the population density, broken down into three (3) categories: high; medium; and low density.

- Appearance of the extrapolation factor of households, as well as of their size (1, 2, 3, 4 and 5 and over members).

- Appearance of the age of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

- Appearance of the country of birth of individuals, broken down into three (3)

categories: Greece; EU Member States; Other countries.

- Appearance of the country of residence of individuals, broken down into three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the occupational status of individuals, broken down into four (4) categories: a) Self-employed, b) Employee, c) Unpaid family worker and d) Paid apprentice.

- Appearance of the current main activity of individuals during the week before the beginning of the survey, broken down into six (6) categories: a) Employed, b) Unemployed, c) Pensioner, d) Pupil, student, soldier, e) Housewife, f) Unable to work or with permanent disability and other cases.

- Appearance of the breakdown of items and services at 4-digit level.

4. Survey on the Use of Information and Communication Technologies (ICT) by Households

4.1. <u>With reference year until and including 2013</u>

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural.

- Appearance of the extrapolation factor of households and individuals.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

- Appearance of the country of birth of individuals, broken down into three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the current main activity of individuals during the conduct of the survey,

broken down into four (4) categories: a) Employed, b) Unemployed, c) Pupil, student and d) Other cases (pensioner, housewife, rentier, unable to work, etc.).

4.2. With reference year from 2014 onwards

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of: a) the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and b) the population density, broken down into three (3) categories: high; medium; low.

- Appearance of the extrapolation factor of households and individuals.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

- Appearance of the country of birth of individuals, broken down into three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the current main activity of individuals during the conduct of the survey, broken down into four (4) categories: a) Employed, b) Unemployed, c) Pupil, student and d) Other cases (pensioner, housewife, rentier, unable to work, etc.).

5. Survey on Energy Consumption in Households

With reference period 2011 – 2012

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural.

- Appearance of the extrapolation factor of households.

- Appearance of the age of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

9

- Appearance of the country of birth of individuals, broken down into three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the occupational status of individuals, broken down into four (4) categories: a) Employee, b) Self-employed, c) Unpaid family worker and d) Paid apprentice.

- Appearance of the current main activity of individuals during the week before the beginning of the survey, broken down into nine (9) categories: a) Employed, b) Employed but temporarily absent, c) Unemployed, d) Pensioner e) Rentier, f) Pupil, student, g) Soldier, h) Housewife, i) Unable to work and other cases.

6. National Health Survey

6.1. <u>With reference year 2009</u>

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located on the basis of the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural.

- Appearance of the extrapolation factor of individuals.

- Appearance of the age of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

- Appearance of the country of birth of individuals, broken down in three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership and c) widowed / divorced / separated.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which

the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the occupational status of individuals, broken down into four (4) categories: a) Employee, b) Self-employed, c) Unpaid family worker and d) Paid apprentice.

- Appearance of the current main activity of individuals during the week before the beginning of the survey, broken down into nine (9) categories: a) Employed, b) Employed but temporarily absent, c) Unemployed, d) Pensioner e) Rentier, f) Pupil, student, g) Soldier, h) Housewife, i) Unable to work and other cases.

6.2. <u>With reference year 2014</u>

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of: a) the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and b) the population density, broken down into three (3) categories: high; medium; low.

- Appearance of the extrapolation factor of individuals.

- Appearance of the age of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

- Appearance of the country of birth of individuals, broken down in three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership including those who are separated and c) widowed or divorced.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the occupational status of individuals, broken down into four (4) categories: a) Employee permanent or with indefinite contract, b) Employee on a fixed-term contract/temporary work, c) Self-employed with employees, d) Self-

employed without employees / Family worker.

- Appearance of the current labour status – occupation of individuals, broken down into eight (8) categories: a) Employed (including the unpaid family workers, the paid apprentices and those temporarily absent from their work), b) Unemployed, c) Pensioner normally or early retired (excluding the pensioners due to disability/health problems), d) With permanent disability (including those who have long-standing health problems or illness and the pensioners due to disability), e) pupil, student, postgraduate, unpaid apprentice, f) Soldier, g) Housework, h) Other cases (e.g. rentier, etc.).

6.3. With reference year 2019

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located, on the basis of: a) the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and b) the population density, broken down into three (3) categories: high; medium; low.

- Appearance of the extrapolation factor of individuals.

- Appearance of the age of individuals, with the exception of those aged over 85 years, who will appear under one (1) category.

- Appearance of the citizenship of individuals, broken down into three (3) categories: Greek; EU Member States; Other countries.

- Appearance of the country of birth of individuals, broken down in three (3) categories: Greece; EU Member States; Other countries.

- Appearance of the family status of individuals, broken down into three (3) categories: a) single, b) married or in a civil partnership including those who are separated and c) widowed or divorced.

- Appearance of the occupation of individuals, by 1-digit ISCO code.

- Appearance of the branch of main economic activity of the enterprises in which the individuals work, broken down into three (3) categories: Primary sector; Secondary sector; Tertiary sector (i.e., Agriculture-Livestock-Fishery; Manufacturing-Construction; Trade and Services).

- Appearance of the occupational status of individuals, broken down into four (4) categories: a) Self-employed with employees, b) Self-employed without employees, c) Employee and d) Family worker.

- Appearance of the current labour status – occupation of individuals, broken down into eight (8) categories: a) Employed (including the unpaid family workers, the paid apprentices and those temporarily absent from their work), b) Unemployed, c)

Pensioner normally or early retired (excluding the pensioners due to disability/health problems), d) With permanent disability (including those who have long-standing health problems or illness and the pensioners due to disability), e) pupil, student, postgraduate, unpaid apprentice, f) Soldier, g) Housework, h) Other cases (e.g. rentier, etc.).

- Appearance of the household size with the exception of households with 6 or more members, which will appear under one (1) category.

- Appearance of the number of household members under the age of 13, with the exception of households with 3 or more members under the age of 13, who will appear under one (1) category.

- Appearance of the type of households broken down into five (5) categories: a) single member household, b) single parent household with at least one child, c) couple with at least one child less than 25 years old, d) couple without any children or with children aged 25 and over and e) other type of household.

- Appearance of the number of days of absence from work of individuals, due to personal health problems during the last 12 months broken down into four (4) categories: a) 1-7 days, b) 8-14 days, c) 15-30 days, d) 31 days or more.

- Appearance of the use of glasses or contact lenses broken down into two (2) categories: a) Yes, b) No (blind are classified in this category).

- Appearance of the use of headphones and other related aids broken down into two (2) categories: a) Yes, b) No (deaf are classified in this category).

- Appearance of the number of nights spent of individuals in a hospital as inpatients, during the last 12 months, with the exception of 20 days or more, which will appear under one (1) category.

- Appearance of the number of admissions of individuals in a hospital for day care, during the last 12 months, with the exception of 3 admissions or more, which will appear under one (1) category.

7. **Time Use Survey**

With reference period 2013 – 2014

- Hiding of the full name of individuals, the postal address of their dwelling and the Municipality where their dwelling is located.

- Hiding of the Department and Region (NUTS 2) where the individuals' dwelling is located.

- Appearance of the Great Geographical Area (NUTS 1) where the individuals' dwelling is located.

- Appearance of the degree of urbanisation of the Municipal/Local Community where the individuals' dwelling is located on the basis of: a) the most populated settlement, broken down into three (3) categories: urban; semi-urban; rural, and b) on the basis of the population's density, broken down into three (3) categories: high;

medium; low.

- Appearance of the extrapolation factor of individual and day.
