

HELLENIC REPUBLIC

HELLENIC STATISTICAL AUTHORITY

Piraeus, 5 September 2025

ANNOUNCEMENT

ELSTAT at the 89th Thessaloniki International Fair

The Hellenic Statistical Authority (ELSTAT) is once again taking part in the Thessaloniki International Fair, placing statistical insights on population, economy, tourism, agriculture, and daily life at the forefront of its exhibition. These data are presented in an accessible and engaging format through modern visualization tools, including infographics, digital applications, and audiovisual displays.

A highlight of ELSTAT's presence will be the event **"Revisions in National Accounts: Framework, Procedures, and Developments"**, taking place on Sunday, September 7, 2025, at 17:00, in Conference Centre "Nikolaos Germanos" (Hall C). ELSTAT officials and guest speakers will explain how revisions are made to GDP, consumption, investment, and income data — ensuring that the country's economic and statistical figures are accurately represented.

At Stand 30 (Pavilion 15) during the 89th Fair, ELSTAT will unveil for the first time a detailed publication containing the results of the recent Buildings Census. Informational materials will also be available, offering in-depth data on the Population–Housing Census, as well as current editions presenting the most recent figures on the economy, labor force, household expenditure, tourism, agriculture, livestock, fisheries, and living conditions.

Particularly compelling will be thematic infographics, such as those depicting the most popular names in Greece by birth year and regional distributions of Gross Value Added (GVA) — the economic measure that reveals the wealth generated by each region and the sectors driving it.

In line with its ongoing commitment to statistical literacy, ELSTAT has also organized a series of educational activities for secondary school students visiting the pavilion. Through interactive games, presentations, and digital tools, young visitors will be invited to explore the world of statistics in a hands-on and engaging way.

The inauguration of the pavilion will be conducted by ELSTAT's President Mr. Athanasios C. Thanopoulos, on Sunday, September 7, 2025.

All materials available at ELSTAT's stand may also be accessed online at:
